

Lamb & Hayward

Ōtukaikino Reserve

The Living Memorial

For every funeral arranged by Lamb & Hayward a native plant is established in our unique Living Memorial reserve at Ōtukaikino, a place of commemoration for family and friends to visit. Ōtukaikino Reserve is a 13-hectare freshwater wetland reserve which Lamb & Hayward, in partnership with the Department of Conservation are gradually restoring.

An outdoor memorial service is held every year on the last Sunday in February. The trees that are planted are not dedicated to any one person, but instead contribute to form a natural forest community - 'The Lamb & Hayward Living Memorial.' An invitation will be sent out for two years after the funeral, with an open invitation thereafter, to join us every year.

Department of Conservation
Te Papa Atawhai

Ōtukaikino Reserve *The Living Memorial*

Traditional Caskets and Urns

Our traditional range encompasses our particleboard/MDF and wooden veneered options. New Zealand MDF is made from renewable, sustainable local forests (predominantly pine). Our caskets are available with flat lid or raised lid options and most have matching urns.

All Lamb & Hayward's caskets are made by local tradespeople.

Speak to your Funeral Director about which option works best for you.

Premium Solid Wood Caskets and Urns

Our solid wood caskets are manufactured using the highest quality species of mahogany, macrocarpa, rimu and pine, the warmth and beauty of which is unsurpassed.

Handcrafted by master craftsmen here in Canterbury, our solid wood caskets are strong and beautiful - no two pieces are exactly the same. As a renewable source, solid wood is the environmentally sound choice.

A True Eco Friendly Timber Casket

Hand crafted in Christchurch by quality tradesmen.
Our Eco-Friendly, *Eco Caskets* are made with water based glues, minimal use of screws and pins and locally sourced timber, grown sustainably here in New Zealand, to reduce the carbon footprint and impact on the environment.

Eco Caskets feature a natural finish, solid pine construction on the lid and sides and a plywood bottom for a sturdy base.

Choose from natural finish, solid pine, wooden handles or natural fibre rope handles.

Willow

A fast growing, Eco-Friendly and sustainable material, which benefits from regular cropping. Willow absorbs, and locks in, carbon dioxide during growth. When buried the CO2 remains locked in. If cremated, only the same quantity is released back into the environment - making it 'Carbon-Neutral.' Willow grows without the need for fertilisers, and actually builds fertility in poor or depleted soil.

Let Your Love Grow - Living Memorial Urns

With its Eco-Friendly mixture, cremated ashes can now be turned into nutrient-rich soil allowing you to plant and create a living memorial to your lost loved one. Kits are available in five sizes, creating enough nutrient rich soil to grow house plants, right through to trees. Talk to your funeral director about the best option for you.

From \$89-\$229

Stylish & Simple Scatter Urns

Designed and engineered to simplify the scattering process. Scatter tube urns are durable and easy to use with a convenient removable lid and perforated 'push in' tab that opens prior to scattering. Tubes can be recycled or composted after use. Mini size scatter tubes are also available when dividing ashes between family members.

The delicate Art of Cloisonné

Cloisonné is a centuries old enamelling technique, which consists of soldering delicate silver wire onto a metal surface. Once a design is created, the resulting cellular spaces, called cloisons (*French: "partitions" or "compartments"*) are filled with enamel paste. Multiple options to suit your needs, available in two designs Etienne Autumn Leaves and Etienne Butterfly.

A Goodbye to Remember

A photographic tribute or slideshow is an emotive and memorable way to remember and celebrate the life of your loved one.

Photographs of special memories can be provided in their original format or as scanned images on a USB, our dedicated graphics team will then retouch and enhance any damaged images and set them to music.

The tribute can be played at the funeral, memorial or during refreshments and becomes a nostalgic keepsake which can be watched and shared, again and again.

Photographic Tribute

Up to 70 photographs set to music of your choice and presented on a personalised USB Memory Card along with all digital images.
