

Lamb & Hayward

Ōtukaikino Reserve

The Living Memorial

For every funeral arranged by Lamb & Hayward a native plant is established in our unique Living Memorial reserve at Ōtukaikino, a place of commemoration for family and friends to visit. Ōtukaikino Reserve is a 13-hectare freshwater wetland reserve which Lamb & Hayward, in partnership with the Department of Conservation are gradually restoring.

An outdoor memorial service is held every year on the last Sunday in February. The trees that are planted are not dedicated to any one person, but instead contribute to form a natural forest community - 'The Lamb & Hayward Living Memorial.' An invitation will be sent out for two years after the funeral, with an open invitation thereafter, to join us every year.

Hand crafted by quality tradesmen. Our Eco-Friendly, *Eco Caskets* are made with water based glues, minimal use of screws and pins and locally sourced timber, grown sustainably here in New Zealand, to reduce the carbon footprint and impact on the environment.

Eco Caskets feature a natural finish, solid pine construction on the lid and sides and a plywood bottom for a sturdy base.

Choose from natural finish, solid pine, wooden handles or natural fibre rope handles.

Willow, fast growing and Eco-Friendly

This fast growing, sustainable material benefits from regular cropping. Willow absorbs, and locks in carbon dioxide during growth. When buried the CO2 remains locked in. If cremated, only the same quantity is released back into the environment - making it 'Carbon-Neutral.'

The delicate Art of Cloisonné

Cloisonné is a centuries old enamelling technique, which consists of soldering delicate silver wire onto a metal surface. Once a design is created, the resulting cellular spaces, called cloisons (*French: "partitions" or "compartments"*) are filled with enamel paste. Multiple options to suit your needs, available in two designs Etienne Autumn Leaves and Etienne Butterfly.

A Goodbye to Remember

A photographic tribute or slideshow is an emotive and memorable way to remember and celebrate the life of your loved one.

Photographs of special memories can be provided in their original format or as scanned images on a USB, our dedicated graphics team will then retouch and enhance any damaged images and set them to music.

The tribute can be played at the funeral, memorial or during refreshments and becomes a nostalgic keepsake which can be watched and shared, again and again.
