# New Zealand Wool Blend

Made from New Zealand Wool Blend- 3 fleeces per casket, biodegradable and environmentally friendly.

Woollen caskets are supported on a strong recycled cardboard frame and strongly reinforced with jute.

The interior is generously lined with organic cotton and attractively edged with jute. The waterproof base is also biodegradable. All the materials used are readily biodegradable and suitable for cremation and burial.

Included are two personalised embroidered woollen name plates and a woollen blanket.

## Willow, Fast Growing and Eco-Friendly

This fast growing, sustainable material benefits from regular cropping.

Willow absorbs, and locks in carbon dioxide during growth.

When buried the CO2 remains locked in. If cremated, only the same quantity is released back into the environment making it 'Carbon-Neutral.'
